Re: EPA review of the Site 4, Draft Feasibility Study, St. Juliens Creek Annex, Chesapeake, Virginia; September 2003

Thank you for the opportunity to review and comment on the Draft Site 4 Feasibility Study. EPA has completed review of this document and generally agrees with its conclusions. No further comment should be expected on this document.

If you have any questions or concerns regarding EPA's review of this document please feel free to contact me.

Sincerely,

Todd Richardson
Remedial Project Manager
